

Gerringong Public School Term 2 Week 8

Fortnightly Newsletter Term 2 Week 8
2023

13th June

PRINCIPAL'S MESSAGE

Dear Families,

Welcome to Week 8! We hope families enjoyed a relaxing long weekend break. Over the last few weeks, our teaching staff have been busy writing student reports to share your child's learning journey in Semester 1. Student Reports will be sent home on Friday June 23. This year, reports will look a little different as the Department of Education has removed General Comments from reports. Instead, each Key learning Area will have a comment. The school will be collecting feedback on the changes in the reports. Along with reports, teachers will be providing an opportunity for interviews in Week 10. Information for booking interviews will be provided on Friday, June 16. We look forward to celebrating your child's learning with you.

Staff News

It is with great sadness that I inform you that Gary Fletcher, a former teacher at Gerringong Public School and Mrs Miller's father passed away on Sunday June 11. Mr Fletcher will always be remembered as a teacher who made learning fun. When I asked my daughter what she remembered most about Mr Fletcher, she replied he was fun, fair and gave us crazy nicknames that made us laugh and feel special at the same time.

Gary's celebration of life service will be held on Wednesday June 21 at 11am at the Shoalhaven Memorial gardens and Lawn Cemetery.

Athletics Carnival

A fantastic day was had by all and I'd like to thank staff, students and parents for making it such a wonderful day. We had a delayed start to the day due to bus issues but the amazing staff managed to ensure that all students participated in a reduced program of events. We will be completing field events at school over the coming weeks and then we will announce district representatives. Thank you for your patience as we complete the carnival.

Reconciliation Week

Thank you to the Aboriginal Education Team for organising such a wonderful assembly to commemorate Reconciliation Week. It was great to hear from Auntie Gwenda and to watch Gadhungul Murring - our Aboriginal Cultural Program, share their cultural knowledge through dance with us. This Thursday, there will be a documentary called 'The First Inventors' on Channel 10 and NITV. I encourage you all to watch it as a family to learn more about our First Nations history and culture.

Multicultural Public Speaking Week

A big CONGRATULATIONS to all of the students who took on the Multicultural Perspectives Public Speaking Competition this year. Getting up in front of a large group of people to deliver a speech is no easy task and the teachers were so proud of the effort made by each entrant.

A special CONGRATULATIONS goes to Sunny and Sophie, from Stage 3, and Leo and Owen, from Stage 2, who were selected to represent Gerringong at the Zone Final, taking place at Jamberoo Public School tomorrow. We are all sending well wishes and positive thoughts in your direction.

Gotcha4Life - Mental Health Awareness

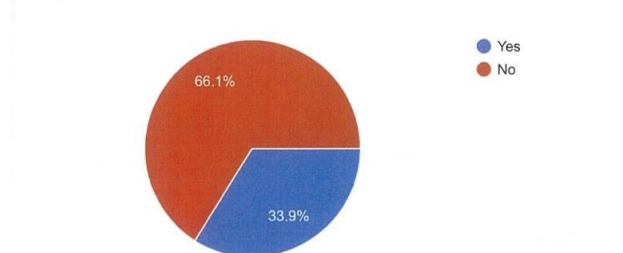

We are hosting a FREE event provided by Gotcha4Life where Stage 3 students and their parents can attend sessions that focus on healthy communication/language for better Mental health in our homes, families and the community. Please save the date - August 2 at 6:15pm. More information will be sent home soon. Thank you to Korin Koutsomihalis for her organisation of this event.

Homework Policy Survey

Previously, Ms Goldthorp conducted a survey into Homework at GPS. Thank you to the 59 parents for completing the survey. Please see the results below. These results support our current Homework Policy which supports Home Reading K-6 and project learning in Stage 3.

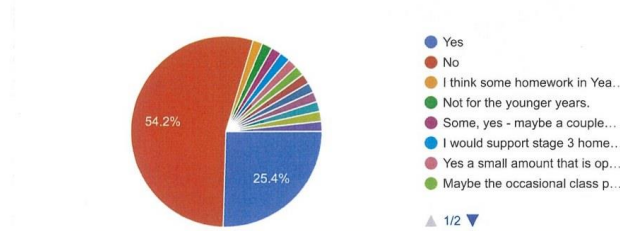

Do you believe students should complete homework, on top of their home reading?

59 responses

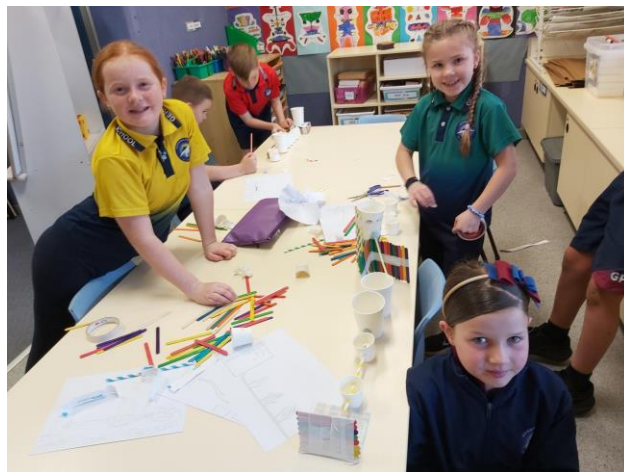

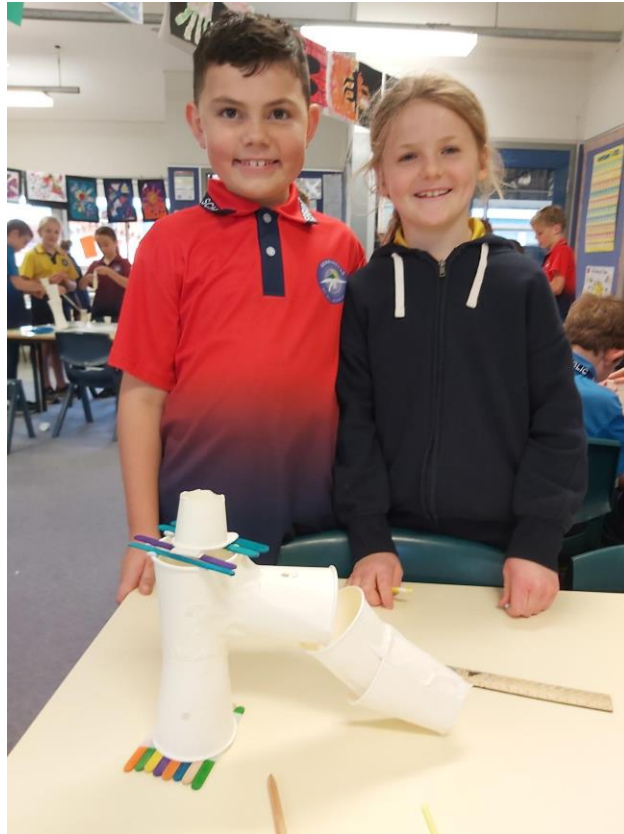

Would you be in favour of all students doing additional homework?

Class News

3S had a fabulous Science lesson on Friday and created water irrigation systems. Groups worked together to design and create their systems, then we tested them together. They had some wonderful reflections afterwards about how they could improve their designs. We have some budding engineers in 3S.

Kind Regards

Lisa Morris

Dear parents, guardians and carers

Re: Nationally Consistent Collection of Data on School Students with Disability (NCCD)

Every year, all schools in Australia participate in the Nationally Consistent Collection of Data on School Students with Disability (NCCD). The NCCD process requires schools to identify information already available in the school about supports provided to students with disability. These relate to legislative requirements under the *Disability Discrimination Act 1992* and the *Disability Standards for Education 2005*, in line with the *NCCD guidelines* (2019).

Information provided about students to the Australian Government for the NCCD includes:

- year of schooling
- category of disability: physical, cognitive, sensory or social/emotional
- level of adjustment provided: support provided within quality differentiated teaching practice, supplementary, substantial or extensive.

This information assists schools to:

- formally recognise the supports and adjustments provided to students with disability in schools
- consider how they can strengthen the support of students with disability in schools
- develop shared practices so that they can review their learning programs in order to improve educational outcomes for students with disability.

The NCCD provides state and federal governments with the information they need to plan more broadly for the support of students with disability.

The NCCD will have no direct impact on your child and your child will not be involved in any testing process. The school will provide data to the Australian Government in such a way that no individual student will be able to be identified – the privacy and confidentiality of all students is ensured. All information is protected by privacy laws that regulate the collection, storage and disclosure of personal information. To find out more about these matters, please refer to the [Australian Government's Privacy Policy](https://www.education.gov.au/privacy-policy) (<https://www.education.gov.au/privacy-policy>).

Further information about the NCCD can be found on the [NCCD Portal](https://www.nccd.edu.au) (<https://www.nccd.edu.au>).

If you have any questions about the NCCD, please contact the school.

Kind regards,

Lisa Morris

School News

On Monday of Week 6, the Girls Soccer Team competed at the PSSA Knockout, held at Albion Park. It was a fantastic day with our team working together well and demonstrating great skill. Well done girls!

Debating News

An amazing day of debating took place last Wednesday, when Gerringong went head-to-head with Jamberoo Public School in two debates, on home soil. This was the first round of the Premier's Debating Challenge and the debating debut for majority of both of our excellent teams.

Our Year 6 team were able to use teamwork and methodical thinking to successfully convince the adjudicator that "Stage 3 students should do a day of homeschooling every week". Our Year 5 team also fought hard to convince the adjudicator that "All students should NOT get a second chance at all tests and assignments", but unfortunately didn't quite do so on this occasion.

Mrs Goldsmith and Mrs Binks were blown away by the courage and commitment of both of our teams and are looking forward to seeing the GPS superstars in action again next week as they take on Minnamurra Public School.
